

**Order Cards Early.**

Nearly everybody wants engraved calling cards to enclose with their Christmas presents, but many people put off ordering cards until the last few days before Christmas, when it is too late to fill the order in time. Suppose you examine your supply of cards and give your order this month? You will then have the cards on hand when you need them.

We would suggest, in this connection, that nothing makes a daintier or more acceptable Christmas present than a nice copper plate and 100 engraved visiting cards. We will be glad to show samples.

## LONG ILLNESS

Proves Fatal to Prominent Montgomery County Man.

Mr. J. Roger Gatewood Passes Away at His Home.

Mr. J. Roger Gatewood, for years one of the most prominent young society men in Central Kentucky, who has been in poor health for the past few years, died at his home on the Winchester pike Monday morning at four o'clock.

Mr. Gatewood numbered his friends by his acquaintances and his jolly good humor and ready wit made him always the center of an admiring crowd. He was always interested in athletics and was manager of the Mt. Sterling base ball team for two years, giving much of his time and money to the sport. He was liberal to a fault, and "Chappie," as he was affectionately called by his host of friends, was always ready and willing to contribute to any public enterprise. He was a member of the firm of Punch & Gatewood for a number of years, but for some time past has devoted his time to farming.

He is survived by his wife, who was Miss Kate Hood, of Louisville, and one little daughter, his mother, Mrs. T. J. Thomas, two brothers, Messrs. L. D. and J. M. Gatewood, besides numerous other relatives.

The funeral services were held at the Episcopal Church Tuesday afternoon at 2 o'clock, Rev. J. Harris, of Paris, conducting the services. Burial in Machpelah Cemetery.

The ADVOCATE extends deepest sympathy to the bereaved family.

**House Moved.**

Mr. M. S. Brown, who purchased the house belonging to the Mt. Sterling Public Graded School, has torn same down and moved it to his lot on High street. The removal of this building and the grading of the lot will add greatly to the appearance of the new building recently erected by the School Board.

Mt. Sterling now has a school second to none in the State considering the size of our city.

**Wanted Quick.**

Two gas heating stoves, one large and one small one, must be in good repair.

## OFFICER KILLED

Deputy Sheriff of Clark County Killed Last Sunday.

County Offers Reward of \$500 and Sheriff Brock \$100.

Four negro desperadoes on Sunday night assassinated Deputy Sheriff George M. Hart, of Clark county, on one of the public thoroughfares of the city of Winchester and all made their escape. It seems that the negroes were wanted for robbing a railroad commissary and shooting two men, and when the officer approached the men they opened fire on him, killing him instantly. Capt. Mullikan, of Lexington, with his bloodhounds, was called, but so many people had been over the ground that the dogs could do no good. Large posses were formed and the whole country aroused. Two of the negroes were seen and fired upon and one of them wounded, but both managed to escape. It is thought the negroes will be lynched if caught. Various rumors have it that the negroes have been captured and are in jail at Richmond, Lexington and Paris, but none of them could be confirmed.

The description of the men who are believed to have murdered the Sheriff, follow:

Joe Shepherd, a big black negro known as "Big Boy." He is believed to have gone with Emory toward Middlesboro, the latter's home.

Jim Brown, known as "Shine"—Five feet, 10 inches tall, heavy set, and wears a light colored hat. L. L. Leck—Six feet tall, yellow skin, wearing blue pants, overall jacket, and a black Stetson hat.

Ben Emory—"Gingerbread" color, has upper gold front tooth, wearing gray cap, gray shirt. Mr. Hart was one of the most popular men in Clark county, a prominent member of the Knights of Pythias, Woodmen of the World and Ancient Order of United Workmen. He is survived by his wife, a daughter, Miss Mary Elkin Hart, and a son, Mr. Lewis Hart, who is now located in Nashville, Tenn. He is also survived by several sisters.

Mr. Hart was about 56 years of age. He was formerly jailer of

Clark county, but declined to be a candidate for re-election. He was, previous to that time, a deputy sheriff, and had served under Sheriff W. O. Brock in that capacity for about two years. He was known as one of the most fearless and yet one of the kindest men among the officials of the county.

It is sincerely hoped that his murderers are captured and that they are punished to the full extent of the law.

**Box Supper.**

There will be a Box Supper at the Upper Spencer school house Nov. 30th. Everyone cordially invited to attend.

**Death of Mrs. Margaret Jameson.**

Mrs. Margaret Jameson, aged 88 years, one of the oldest women in this city, died at her home on Harrison avenue last Wednesday, Nov. 20th. She was the widow of the late B. F. Jameson, and was a splendid woman, much loved by a host of friends. Mrs. Jameson is survived by three children, Mrs. J. M. Hall, Miss Eliza Jameson and J. B. Jameson and many other relatives in this and adjoining counties.

The funeral was held at the residence Friday afternoon with burial at Camargo.

Going to make a black cake for Thanksgiving? If you are you will make no mistake by buying the accessories at Vanarsdell's.

# Write Ideas for Moving Picture Plays

**YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY**

## We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

**We are selling photoplays written by people who "never before wrote a line for publication."**

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

**You Will Earn \$100.00 Monthly for Spare Time Work.**

### The November Recessional.

For half a year we have been fed on nervous excitement. We have lived with politics and baseball and football, with war and with murder, till the mind is slightly weary of the blare. That period of high excitement is ending. The tumult is dying in a long receding roar. The torches of the political redeemers and their marching men burn out. The clean turf of famous fields lies buried under leaves and the early snow. Bleachers and grand stands are as empty as the heart of SCROOGE. From their recent frenzy, the people return to steadfast ways. Now, as always, men build their homes out of love, and, by the hard work of their

hands, safeguard it against change and loss. That is the stuff of history, under the drums and trampings of the conquests. Then, as now, men turned to the age-long striving, lighted for a little by youth's romance, and warmed through, after years of sag and weariness by the steady comforts of the home. Always men live in these invisible values, and go about their ancient work.

If you get more pay than the man who works with you, you must do more work. Employers don't pay for good looks. Another thing employers appreciate: clean work—work that no one is compelled to do over after you.

### Clippings From the Snagtown Torchlight.

As Mayor of Snagtown, Captain Jack Barnett, who is also editor of this paper, placed the money appropriated for the new town hall on Wilson to win, and won enough money to build the hall and pave the streets.

Snagtown, with a population of 403, has 316 applicants for the job of postmaster so far, but others will surely press their claims. As Mayor of Snagtown we are praying night and day that there will be enough offices to go 'round.

Captain Jack Barnett, editor of the Snagtown Torchlight and chairman of the county Democratic committee, has just returned from an inspection of the White House. He reports that the building is in a perfectly satisfactory condition.

"Bobbie" Ellis, poet laureate of Ryestraw Valley, had a love song for breakfast yesterday, and if his strength and the kerosene holds out he'll have a heavy Ode for dinner tomorrow.

There will be a shortage of sorghum molasses around Chidling Switch this winter, but Steve Sovish says we still have Miss Frizzie Alsop left.

Columbus Alsop, who got his ears frost-bit last fall while out stealing corn, has learned that it pays to do right and if he goes out at night any this fall he will wear his earmuffs.

"Dad" Lindsay spent Tuesday over at Musket Ridge moonshine still, trying to miss his chill.

The patrons have complained so about the constant change of school books that the Teacher of the Wild Onion school has deemed it advisable to cut down expenses by closing the school until the scholars forget all they have already learned so he can take them through the same books again.

### To Consumers of Natural Gas.

In answer to many inquiries, the management of this company is pleased to state that the plans which were made public last fall, for extending its main lines across the mountains of Kentucky to the West Virginia gas fields, have been put into execution; the work of constructing the line has been vigorously prosecuted—although from the nature of the country it has been a difficult and costly undertaking—and we are absolutely sure of its completion in ample time to furnish all consumers with a full supply. We deem it proper and fair to give our consumers this information so that they may know how definitely our company is faithfully performing its promise to use every effort to furnish them with a full and dependable supply of natural gas for many years to come; and also to notify them that after the regular reading of meters in the month of December, 1912, the rates will be advanced five (5) cents per thousand cubic feet.

### War in the East.

Few conflicts have exceeded in fierce fighting those waged between the Bulgarians and the Turks. The reason is not far to see. The battles between the opposing forces have been personal conflicts. Every Bulgarian saw red when he faced a Turk. He went into the fight with a personal hatred, not only against Turkey as a nation, but against every individual Turk. He would have liked to settle the matter in a personal combat. He personally had suffered from Turkish oppression and he personally longed to square things by assault on the person of a Turk. This is the reason why the Bulgarians fought with such Berserker rage, such reckless courage, such entire abandonment of self. The oppressed at last had a chance to even things up with his personal oppressor. And the war is, where the individual Bulgarian soldier is concerned, a war for a woman. On the border no Bulgarian maiden was safe. When the morning dawned she awoke happy over her betrothal to some sturdy Bulgarian lad. When evening fell she graced some Turkish harem and the sturdy lover, killed by Turkish soldiers, lay in the field which was to furnish them means for a little home. Religion also plays its significant part in the strife. It would be a beautiful fact, of course, if one could correctly picture the Bulgarian as the ideal Christian, faithfully following the dictates of the Master. The Bulgarian, however, is probably like the average man everywhere else. He takes his religion as passively as he goes to bed every night. Let a man try to prevent him from the more or less formal exercise of his religious beliefs, however, and he becomes like a lioness about to be deprived of her whelps. Anyone who visions the Bulgarians as the ideal Christian because he is now fighting for Christianity would meet with a rude shock if he lived for a while among the fierce enemies of Turkey.

You can't take Time by the forelock. The fellow who snatched Time baldheaded died too long ago to talk about.

**Thanksgiving.**  
Once more a young and mighty nation pauses a moment in its noisy toil to give thanks for its manifold blessings and sing its harvest home. Since the first man dug for roots in the perilous forest with his little ineffective stones, and raised his voice in an ecstasy of gratitude to some unseen giver of food, man has gathered his family about him and given thanks for the harvest. As we stand in our public places and sit about our board, let us be grateful first and last and beyond all else that we have bread to eat. The crops are at the bottom of the nation's prosperity; its wealth, its learning, its art, its virtue depend on its food supply. Few men can be good or useful if they are hun-gry; no nation can be happy if the harvest fails. There is no army of defense like the tillers of the soil, no public servant like the farmer. He stands as the gods of our an-cestors and makes our truce with nature. Whether he himself plows his stony fields or rides his mowing machine over the limitless prairies; directs his darkies on the old plan-tation, or guides the water on to his Western apple ranch, he is, of all of us, the nearest God, for he is the ultimate creator. This year the harvest is the largest in the history of the country; the corn crop is the best the world has ever seen. Well may we thank the God of our fathers and His faith-ful human husbandmen for the blessing of which no war can de-prive us, which no politics can im-peril, no sadness mitigate. For the year to come we shall have the foundation of all happiness. We shall have bread to eat.

**1913 Models of The Indian Motorcycle**  
  
Following the "14 Important Improve-ments" of 1912, the Hendee Mfg. Com-pany announce no less than a dozen ad-ditional new features in their 1913 model of the Indian Motorcycle.  
By far the most significant feature of the new machine is the Cradle Spring Frame. It is something entirely new, a radical departure from the conventional bicycle and recent motorcycle systems of "springing." Briefly, the new device consists of the application to the rear wheel of the Indian Cradle Spring device as used on the front fork for the past three years.  
Extending back horizontally from the frame joint cluster under the saddle, flanking the rear mud guard, are two 7-leaf Chrome Vanadium steel springs. The "C" shaped curls at the rear end of these springs are connected by stays to bell cranks on which the rear axle is hung. The forward end of the rear fork has a hinge joint which enable the rear wheel to yield to imperfections of road surface. All shocks are completely ab-sorbed by the leaf springs. The rear wheel can go through almost any vertical motion without affecting the body of the machine. There is "no bottom" to this spring device. The life of the machine is greatly increased.  
The Engineering Department of the Hendee Mfg. Co. devoted 18 months of exhaustive test to the Cradle Spring Frame before finally deciding on its adop-tion for all models of the 1913 Indian.  
In addition to the Cradle Spring Frame, the 1913 Indian embodies 10 other im-portant improvements which will be ap-preciated by motorcycle riders in general. Prices remain the same as last year.  
New style, single clinch rims; larger tires, wider mud guards front and rear with larger splashes; casing for upper stretch of transmission chain and curve of sprocket; larger luggage carrier in rear, fitted to all models; foot rests, as well as pedals, fitted to regular 4 h. p. and 7 h. p. models; foot brake lever fitted on left side now operates band brake as well as the pedal action; larger size mul-tiple disc clutch now fitted to all models alike; improved Indian type saddle.  
All 1913 Indians will be chain driven and finished in Indian red only.

### A NEEDED IMPROVEMENT.

For weeks a rumor has been current here to the effect that the Mt. Sterling Water, Light & Ice Company has been absorbed by some capitalists, who are buying up a number of similar plants in Kentucky, but we have not felt authorized to use it, until we verified the rumor sufficiently to justify a belief in its accuracy.

We are also told, by one in a position to know, that a day current will soon be furnished the citizens of Mt. Sterling. This will be a great convenience, and an improvement our city has long needed. Machinery of all kinds, including the ordinary sewing machine, can then be operated by electricity.

The same authority also informed us that if a franchise could be secured at a reasonable price the new owners would furnish electricity to farmers living near enough to justify the cost of erecting poles, wires, etc.

We sincerely hope our information is correct. The local company has needed some new life and additional capital for a long time.

The suggestion of Senator-elect Ollie M. James that the Democrats should first keep their pledges to the people and then consider the patronage, has the right ring to it. The masses are much more interested in seeing their mandate carried out than they are in where the "pie" goes.

Is the suggestion of the Courier-Journal and Times that W. J. Bryan be made Ambassador to the Court of St. James prompted by a desire to get this distinguished Democrat out of the United States?

The killing of Deputy Sheriff Hart, of Clark county, Sunday, was as regrettable as it was untimely. He was a manly man and deserved a better fate.

## Thieves Caught.

Emma Tipton and Elva Fields, the two negro women arrested by Officer James Tipton last Saturday, were tried in the County Court Monday morning and bound over to the Grand Jury. Their bond was fixed at \$500, in default of which they were sent to the county jail to await the action of the Grand Jury. The two women were caught stealing goods from Oldham Bros. store by Stewart Sharp, a clerk at the store, and when their rooms were searched by the officer two very fine muffs valued at \$90, belonging to the Rogers Co., goods belonging to J. D. Hazelrigg & Son, Punch, Graves & Co., and Oldham Bros. were found. Several merchants have been missing goods for some time past and it is hoped these women will be given the limit which will go a long way toward breaking up such crimes in our city.

### MARRIAGES.

On last Wednesday afternoon at three o'clock, at the home of her mother, Mrs. Jennie L. Robinson, Miss Garnette Robinson, one of the prettiest and most attractive girls ever reared in Mt. Sterling, became the bride of Prof. Walter O. Hopper. The wedding was a quiet one, only the relatives and a few intimate friends being present. The lovely home was beautifully decorated with ferns and chrysanthemums. The bride was dressed in a blue traveling suit and carried a large bouquet of bride's roses. The ceremony was performed by Rev. J. W. Porter, of Lexington, and Rev. W. H. Hopper, of Burnside, brother of the groom. The attendants were Miss Stella Robinson, sister of the bride, and Miss Paulina Judy, and Mrs. Chas. W. Kirkpatrick played the wedding march. Immediately after the ceremony Prof. and Mrs. Hopper left on the 3:47 train for a bridal trip to the South and returning they will be at home at No. 22 West Main street. The groom is principal of the Mt. Sterling Public Graded Schools, which position he has held for a number of years, and is a gentleman of culture and refinement. He is Exalted Ruler of the Elks Lodge in this city, besides being high in the ranks of many other lodges and organizations. Among those present from a distance were Rev. J. W. Porter, of Lexington; Rev. W. H. Hopper, of Burnside; Messrs. George and Joseph Hopper, and Miss Margaret Hopper, of Stanford. The ADVOCATE extends best wishes for a long, happy and prosperous life.

One of the most beautiful weddings of the season will be celebrated on Thanksgiving Day at the Christian church, when Miss Julia Morris Trimble will be married to Mr. Alfred G. Gates, of Indianapolis, Ind. The bride is one of Mt. Sterling's most popular young women, and her approaching marriage is being looked forward to with much interest. Immediately after the ceremony a reception will be given them at the handsome Trimble home on North Maysville street, after which the young couple will leave on an extended bridal trip through the East.

## On Tax-Dodging Corporations Begins.

### County Judges and Attorneys Meet and Urge Appointment of Special Counsel To Assist Attorney-General in Tax Suits Involving Millions.

#### Justus Goebel Makes Strong Speech at Meeting.

At a meeting of the county judges and county attorneys of the State held at the House of Representatives, Frankfort, Ky., on Nov. 8, the following resolution was adopted:

"Resolved, That we, the county judges and county attorneys of the State, in convention assembled, heartily approve and indorse the action of the State Board of Valuation and Assessment in placing upon the great corporations of the State, enjoying valuable public franchises and privileges, their just share of the burdens of taxation and we commend their acts to the people of the State as constituting the greatest tax reform of many years, and while we entertain the very highest regard and respect for the ability of the Attorney General and his assistants and the Hon. John L. Rich, of Covington, employed as assistant counsel, we are unwilling that any lack of counsel on behalf of the State should endanger the just and patriotic action of the State Board of Valuation and Assessment, and we recommend to the Attorney General and the Governor of the State that an emergency exists and that the most eminent counsel be employed to defend the action of the State Board of Valuation and Assessment in the United States Court."

Justus Goebel, of Covington, made a speech before the assemblage, pleading for the employment of additional counsel for the State. Mr. Goebel said:

"Mr. President, Gentlemen and My Brother Kentuckians:

"I am most happy to meet with the county judges and county attorneys of the State. I am grateful beyond my powers of expression for the invitation of your President which permits my presence here, and asks some expressions from me on this occasion.

"You, the gentlemen of the respective counties of the State, who have been elected to office and charged by law to protect the interests of widows and orphans—estates in the hands of trustees—the every citizen and taxpayer who voted for you or against you, as well as those who did not vote at all; you, all of you, in your official capacity have sworn duties to perform, and out of gratitude to those who have honored you, you must have great desire to perform those duties well. With reference to the business of this day—to the subject-matter here to be discussed—your sworn duty is to protect the interests of every taxpayer of the county you represent.

Corporations Deny People Rights.

"You are here to consider a matter of infinite interest to your people as a whole. The subject involves an inherent and constitutional right which has long been denied them because of corporate avarice and greed and the weakness, if not dishonesty, of some in whom the people in the past have placed their trust.

"That the great common people should bear only their fair and just proportion of the burden of taxation is one of the greater blessings to our kind for which my brother, William, labored and prayed and because of which he was finally assassinated.

"Is it surprising then that I am here filled with a profoundly earnest desire that the people of my State, of the State of my martyred brother, shall come into the enjoyment of a right to which in all law and in common honesty they are entitled?

Unjust Taxation Upon People.

"Too long, altogether too long, has there been unjust discrimination against the people, unjust and burdensome taxation upon the people as compared with what has been required to be paid by the big corporations of our

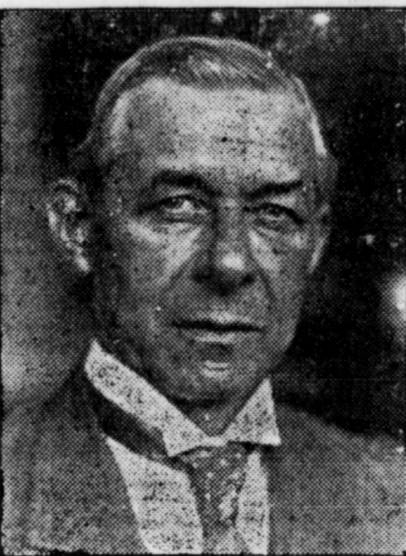

State. Corporation lawyers have boastfully said 'The death of William Goebel was a benefit to the corporations.' If this were true, the question is, how much longer shall the people be held in bondage because of his death?

"God knows the corporations now suing the State have been able to procure (and the word procure is used advisedly) immunity long enough from paying their just share of the taxes.

People Are Awakening.

"A hundred million dollar increase in the value of corporation property for taxation opens a new era in the State's affairs and has awakened the people and brought them to a realization of what has been done to them through all the years of the past. As certainly as truth, though crushed to earth, will rise, just so certainly will there be a further awakening which will correct abuses equally as great as unequal taxation, and its effect will be that henceforth every man who would hold office by preferment of the people must be a progressive, and no imitation, no mere pretender will satisfy them; they will sweep aside and into oblivion as old chaff any man who hesitates or dares to stand in the way of improvement and betterment of conditions for the whole people.

"No one doubts, had William Goebel been permitted to live, that that which was recently done by the Board of Valuation and Assessment would have been done more than a decade ago, and today, instead of the large public service corporations fighting in the courts and by sinister methods endeavoring to perpetuate unjust and unequal taxation; attempting to throttle the action of the present State taxation board, the first to act fully in the interest of the people, such corporations would long ago have been paying into the State, county and city treasuries their just proportion of the taxes.

JUSTUS GOEBEL.  
"Equality is all I want."

"Some of you may think this is mere speculation but to those who so think, I say—I know whereof I speak, and I believe the railroads well understood what he would do were he permitted to live.

William Goebel's Way.

"Had William Goebel been permitted to live, one of his first acts as Governor would have been a demand on the State taxing boards to deliver into the matter of values of the properties of the wealthy public service corporations of the State, and further that those properties be adequately assessed. If the Railroad Commission or Board of Valuation and Assessment had failed or declined to make assessments according to what was just and fair he would instantly have called an extra session of the legislature and had it appoint a committee with directions to thoroughly investigate, to find and report the true fair value of the property of such corporations. The facts thus obtained and presented by that committee and its experts he would have given to the public and simultaneous therewith would have gone forth his demand upon those State boards to assess those properties for taxation in accordance with the truth; if then the State board had still failed or refused to do their sworn duties to the people he would have impeached them and driven them from office. If the present Board of Valuation and Assessment had not done its full sworn duty by the people, that is just what should have been done to them, but, thank God, for once it has acted in the interest of the people.

"Necessity for action in the interest of the people has grown as years have passed, until it has developed into what is today a crying shame from which relief must come.

"It is very evident that in Kentucky, as in other States, big corporations will never pay a cent more of taxes than they are made to pay.

"Gentlemen, I am going to prove it in a few minutes. Take the case of the C. & O. Railroad. Where is Mr. Wall? I would like for him to hear me.

Low Valuation of C. & O. Railway.

"Take the case of the C. & O. Railroad. In 1911 that road on its entire system in Kentucky paid taxes on a total valuation of only \$9,313,270, whereas, the street railway company of the city of Louisville was made to pay on a valuation of \$10,800,000. Think of it, gentlemen!

"The C. & O. R. R. in 1901 paid taxes on a franchise valuation of only \$2,171,189, and in 1911 on a valuation of only \$2,743,350; whereas, the board found that their 1912 assessment should be \$18,798,630. The C. N. O. & T. P. R. R. in 1901 paid taxes on a franchise valuation of only \$3,110,197, and in 1911 on a valuation of only \$2,559,320, whereas, the board found their 1912 assessment should be \$10,674,900. The L. C. in 1901 paid taxes

on a franchise valuation of only \$1,889,870, and in 1911 on a valuation of only \$4,510,320, whereas, the board found their 1912 assessment should be \$14,746,857. The L. & N. R. R. in 1901 paid taxes on a franchise valuation of only \$6,504,879 and in 1911 on a valuation of only \$11,899,200, whereas, the board found their 1912 assessment should be \$45,428,074.

Fight Must Be to a Finish.

"I want to tell you gentlemen, that that assessment is fair and just, and if we get justice in the courts we will win. But, no less a man than the Hon. William J. Bryan, the great champion of the people, has stated that courts do not always do justice to the people; and that other great champion of the people, Hon. Theodore Roosevelt, said the same thing, and recently charged that some of the judges he put on the bench proved dishonest. Gentlemen, I want you to go into this fight, with an ardent heart and with loyal lawyers, and fight to a finish and to death, if necessary. Now, I want to say to you I am no corporation hater. I am a business man. I know we have to have corporations, and big ones, but we don't have to have them to the disadvantage of the people. I want them to have dividends. But I do not want them to reap them at the expense of the people and the other taxpayers. Let them pay what the other taxpayers pay. Equality is all I want.

"Without exception all these companies and the two others now suing wanted the same assessment for 1912 that they had in 1911. The Board of Valuation and Assessment based their 1912 assessments on convincing proof of values placed before them, and the assessments are uniformly just and fair, and of the more than four hundred corporations assessed by the board this year, only eight have protested in the court, and these are among those that have always proportionately paid the least.

State Robbed of Millions.

"In the last twelve years, since the death of William Goebel, the State, counties and cities have been robbed (and the word robbed is the only word that fits the case) of more than ten million dollars in taxes.

"I am going to prove it.

"In the years from 1902 to 1911, inclusive, a period of ten years, there has been an average increase in the franchise assessments of the four largest railroads in the State of only 1 1/4 per cent yearly.

"Think of it! and this almost unbelievable record of astonishingly small increases was made in the ten best years for earnings that the railroads of this country ever saw.

Inadequate Taxation of Railroads.

"The picture here presented of the previous inadequate franchise assessments is astounding, but when one examines into the situation regarding the tangible assessments made by railroad commissions of the properties of four of the corporations now suing the State, the word 'astounding' is inadequate and here must be supplanted by the word 'dumbfounding' to state more correctly what the tangible assessment picture actually presents.

"Take the case of the C. & O. R. R. and the records show that the tangible property of this company in 1892, 20 years ago, was assessed at \$8,019,577. Notwithstanding the much added mileage of road, double tracking of a vast system, acquiring much new real estate, probably more than doubling the equipment of engines and cars, and meantime increasing by earnings the value of its stock 650 per cent, this company's tangible property was assessed in 1911 at only \$6,270,270, or 21 1/2 per cent less than in 1892, 20 years ago. Further comment to show that our State has been robbed is unnecessary.

"The other railroads have been similarly inadequately assessed on their tangible property for many years.

Corporations Prevent Honest Valuations.

"In fact, until this year the Board of Valuation and Assessment has been controlled in the interest of the wealthy corporations by some hook or crook, either friendship, political favor rendered or to be rendered, bribery or intimidation, but never before has the State, counties or cities been given what they were rightfully entitled to.

"Another of the many examples of flagrant abuse of public trust.

"I wish I could leave out of my remarks what I am about to say, but that is impossible under present circumstances. Until now, I have said very little about the L. & N. Railroad. Some may say that I have an old animosity to the L. & N. Railroad Company, because of the assassination of my brother. I say, gentlemen, that is a mistake. In my state of health and at my age, I have nothing but love for my fellow men, whether they agree with me or not. Next to the last words that my dear brother spoke were these: 'They do not understand. I forgive them.' There may be some who now do not understand me. Gentlemen, the men elected to office did not do their duty. I hate to say so, but I am here to speak the truth, and all I have fought for in the past seven months is justice and fairness for the people.

"Another of the many examples of flagrant abuse of public trust is to be found in the records of our State pertaining to the franchise assessments by the Board of Valuation and Assessment of the L. & N. R. R. In 1901 this company's franchise assessment was \$6,504,879. In 1902 the assessment was increased to \$10,774,899, and the L. & N. brought suit to enjoin the State from collecting on the increase of \$4,270,020.

"I said a while ago that the corpor-

ations will never pay a cent more than they are made to pay, and you will see that proven.

"In 1903 with the validity of the 1902 increase pending in the United States Court, the Board for some inconceivable reason fixed the franchise assessment of this company at \$2,588,994 less than the 1902 assessment. In 1904, with the validity of the 1902 increased assessment still pending in the court, the Board fixed the franchise assessment of this company at \$2,140,259 less than the 1902 assessment. In March, 1905, the suit of the L. & N. Company against Auditor Coulter was decided in favor of the State, the court holding the 1902 franchise assessment of \$10,774,899 to be valid; but, notwithstanding the fact of this court proof of value of the franchise of the L. & N. Railroad, in 1902, the assessment against this company did, at no time, reach the equal of the 1902 assessment of \$10,774,899 until 1911, and this, in spite of the fact that Milton H. Smith, president of the L. & N. R. R., testified in the United States Court at Frankfort, in 1906 that the tangible property value alone of the L. & N. Railroad in Kentucky in 1905 was \$70,000,000.

"Gentlemen, I am quoting from public records.

"This is more proof of how our State has been robbed. Accurate information enables me to say for Hon. C. C. McChord and Auditor Henry M. Bosworth, two gentlemen who served on State Taxing Boards in years past, that they were at the mercy of a majority adverse to their views and inclined against the interests of the people.

What the Increased Valuation Means.

"What does the hundred million dollar increase made by the present Board of Valuation and Assessment on corporation franchises mean to the people of different sections of the State and to the whole State?

The one hundred million dollar increase means half as much as the amount of the total value of all the property equalized for taxation in the county of Jefferson, which includes the city of Louisville.

"Comparing the increase with the counties that contain the three largest second class cities of the State the increase equals the amount of the total value of all property equalized for taxation in the counties of Campbell, Fayette, Kenton and Franklin, which include the cities of Newport, Lexington, Covington and Frankfort.

"Comparing the increase of one hundred million dollars with the Western section of the State, it equals the amount of the total value of all property equalized for taxation in the entire First Congressional District, embracing thirteen counties, and, in addition thereto, of all the counties of the Second District, with the exception of Henderson and Davies.

"Comparing the increase of one hundred million dollars with the Central portion of the State, it equals the amount of the total value of all property equalized for taxation in the Eighth Congressional District, embracing ten counties, and in addition thereto the county of Fayette, which includes the city of Lexington.

"Comparing the one hundred million dollar increase with the Eastern section of the State it equals the amount of the total value of all property equalized for taxation in all the counties embraced in the old Ninth and Tenth Congressional Districts, with the exception of the county of Fleming, or, in all twenty-six counties.

Crisis in Kentucky's Affairs.

"This is a crisis in the affairs of Kentucky. It is a fight brought by eight tax-dodging corporations directly against the more than 2,000,000 souls who live in the 98 counties of this State, traversed by their lines.

"This is a fight of wrong against right; inequality against equality; unfairness against fairness, and injustice against justice.

"Those last words of my brother—'Be brave and fearless and loyal to the great common people'—have never ceased burning in my brain, and in my heart, and when in August last I was beset to agree to a reduction of many millions on the new 1912 assessments, I gave the exact feeling that possessed me then and it is the same today—I would rather lose my life than be a party to a shameful compromise of what I know rightfully belongs to the State and the people.

"I am opposed to making a political asset of the matter of employment of additional counsel to pay debts or purchase a favor. What I have done to assist the board, any other private citizen could have done. If some of those who were so quick and prompt when there was a job in sight, to intercede for certain attorneys, had in years past turned their attention to relieving the sufferings of the State and people from unequal taxation, they would at this hour be rightfully entitled to some consideration in the selection of special counsel.

Corporations Again Show Hand.

"I charge, and am willing and ready to prove if necessary, that emissaries of these corporations, who, by dark and damnable methods, tried their best to prevent the Board of Valuation and Assessment from making proper assessments of their property, are today meddling in the matter of the employment of special counsel to assist the Attorney General in these cases against the State, and if they can control the selection they may be depended upon to pay 'any man of straw' more than the State will agree to pay.

"There are men who have said in places to our Attorney General that in the employment of Attorney John L. Rich, the State had gone far enough, but to such men I would say: 'Is your

only interest the welfare of the people, and have you proven that there is no other interest that is greater with you than the people's interest?

"I would like to see these men 'trotted out', so we all may know what they look like and what their connections are.

"It was determined and partly arranged to employ Louis D. Brandeis, 'The People's Lawyer,' of Boston, as published on April 12, 1912, in the making of the tentative and final assessments by the Board, if necessary, but we did without his services, and now that the assessments have been made and the eight big corporations have instituted suit against the State it is hoped that if Mr. Brandeis, who is now spoken of as likely to be a member of President Wilson's cabinet, is unable to accept employment in defense of the State's interest, there will be employed one or two other counsel, the best to be had in the United States, whom Mr. Brandeis may recommend to the Attorney-General to assist in representing the State.

"Ability, known loyalty to the cause and assured freedom from corruption taint, should be the gauge to govern in the selection of an attorney to assist in the defense of the State's, and the counties' interest.

"When first I determined to give myself to this work of compelling adequate taxation of corporations, I knew they would invoke every power of the world, the flesh and the devil that could possibly, by fair means or foul, be commanded to aid them to prevent the carrying out of my designs, which were already a part of the just law of the land, and I have not been disappointed.

Committee To Assist Lawyers.

"For years I have known the public men of the State and from many eligible to be chosen for such service I have thought of some who have studied these questions and who know what the law intended, and what the present State Board of Valuation and Assessment by its 1912 assessments has made possible of realization. These men I am not afraid to trust to act in an advisory capacity in the premises; they are and have been prominent in the affairs of the State. I refer to Governor James B. McCreary, Attorney-General James Garnett, Hon. Cassius M. Clay, of Bourbon County, and Hon. James Richardson of Barren County. I would like to be honored by being on that committee, because of my infinite interest in this matter. I have drawn a form of contract which I shall read and hand to your Secretary and submit for your consideration. I feel that its fairness will at once address itself to your honest intelligence, and I beg that you return to your home county and urge upon the individual members of your county fiscal court that it be promptly executed, so that our forces may be enlisted and organized for this legal battle, the first skirmish of which must be fought on the 20th day of the present month in the Federal Court here in Frankfort.

Plan for Securing Counsel.

"This, of course, only with the understanding that your fiscal court will want to make any contract at all for special counsel. I have never thought much of this plan for securing the employment of the needed special counsel in these cases because, at best, when special counsel are employed and paid, the people bear the expense and if the counties rather than the State employ and pay, it is only taking money out of the left-hand pocket instead of the right—the people, in the end, have to pay all the expense any way. I turned to this plan only when I found or there seemed to be no other way to satisfy the Attorney General and to get for the people the needed special counsel. The Attorney General himself proposed to me the 20 per cent as a fee to be paid by the counties to Mr. Rich, and said that he would secure the making of such a contract with Mr. Rich by five counties, and named them. When this matter was first proposed to me I said I would have nothing to do with the matter unless there was a clause in the contract which would give absolute protection to the people to prevent any lawyer from being paid an excessive fee for the services rendered. I have labored for months and years to bring about the assessment made in 1912, and that without compensation, and it ill becomes any man to say that he has a greater desire to economize in the interests of the people than have I. In the form of contract, I shall submit, I have safeguarded the people by providing a committee of honorable men to see to it that no man have more than a reasonable fee and that, together with all other expenses to the counties, to be within the limit of the 20 per cent suggested by the Attorney General.

"The eight suits that have been brought against the State and counties must be fought through all Federal and State courts and are of vital importance. They involve for the State \$383,389 and for the counties, cities and taxing districts \$233,396, or a total annually of \$1,205,785.

"I feel that your approval of the form of contract which I have submitted will prove your loyalty to your constituents and in the end will accomplish great and everlasting good for your home county people and all Kentucky.

A Saddening Picture.

"Behind the scenes there is a picture that is saddening to me in connection with all this matter. Our State, the great State of Kentucky, is rendered impotent, because the Governor, the chief executive of our State,

and the Attorney General cannot agree as to the need of the people. The Governor is in favor of additional counsel, and the Attorney-General says he has enough, and is willing to accept the responsibility of this fight, and carry on these suits with the forces he now has. I say the responsibility is too much to ask him to assume.

"We are fighting a monster, we are fighting a demon that will resort to anything—and they tried everything but murder to prevent the board from making these assessments.

"They have attempted to corrupt the Board of Valuation and Assessment, and they will go further to attain their end. If they can, they will corrupt the courts, as they have done ere this. And that is what I want to convince you of and warn you against. Protect yourselves and others in these cases and have lawyers who will make the facts so clear that there can be but one course open to the courts, and then they will follow it."

## PREScription

### For a Long Life.

This is the prescription for a long life given by an old gentleman in Connecticut, who is ninety-nine years old and still well and cheerful, "Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and, above all, keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish, take Vinol, which is a delicious combination of the medicine—body-building properties of cod's livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength-creators in the world for aged people.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, you would be unable to supply the demand; it is the finest tonic and strength-creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction.

## HE AND YOU.

Pard, I'll tell you what we'll do—  
You love me and I'll love you—  
Heart to heart and hand in hand  
We will wander down the land,  
Storms that threaten, suns that shine—  
All things shared—just yours and mine—  
All the stars and all the flowers  
Only last when they are Ours  
Nothing comes to one alone,  
Sharing makes the world our own.  
So I love you and you love me,  
Then life will be what it should be.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## The Brutal "Third Degree."

Is the "third degree" justifiable?

The question becomes pertinent when one sees in the press that Beatrice Kramer, wife of Charles N. Kramer, under pressure of the police department in Chicago, confessed that her husband had killed Sophia Singer. One's first sensation on reading the story is of relief and thankfulness over the fact that the guilty has been discovered. But a second thought comes. Guilty as Kramer may be, of what value generally is a confession wrung by force? How many people will confess to acts they have never committed in order to escape cruel treatment, to be through, once for all, with day after day spent in misery? Many, we think. And in this case, the poor shrinking woman, after days of mental and perhaps physical anguish, betrayed her husband. Glorious victory for the police. We call ourselves a civilized nation and thank God daily that we are not as the people of the Middle Ages and earlier were. But are we so much improved in respect of the third degree? Take up any history of England, France or any other nation and we shall find the "third degree" was used by the "police" of bygone periods in order to extort confessions. The rack, the thumb screw, the boot and other devices were used to make the suspected one confess. Time after time the anguish of the tortured victim was so great that he cried aloud, "I am the guilty man" in order to get some brief respite from terrible suffering. Of what value was such a confession? Of what value today is a confession wrung from a prisoner by a refined system of mental treatment, as exquisitely cruel as the rack or the boot ever were? The third degree should go. It brutalizes the officer who uses it and is a thoroughly unreliable means of getting at the truth.—Ex.

## TRUTHFUL REPORTS.

### Mt. Sterling Reads Them With Uncommon Interest.

A Mt. Sterling citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

Mrs. Mary F. Henson, 21 Strother street, Mt. Sterling, Ky., says: "Doan's Kidney Pills are indeed all that one could want for kidney complaint. What I said in 1908 in their praise still holds good. Had I not taken Doan's Kidney Pills, I believe that I would not be alive today. My health was very poor and the doctor said I had diabetes. I doctored but in vain. My whole system became affected and I was almost helpless. I had nervous spells, headaches and my sight was poor. I often became dizzy and had to catch hold of something for support. For several months my body was so badly swollen that I could not bend. I finally read of Doan's Kidney Pills and deciding to try them, I got a box at Duereson's Drug Store. The relief they brought me was almost instant and I continued using them until I was well."
